Package Contents

D20 Press, Lanyard, O-rings, Battery, Charger, Cable, Manuals

Notes: Above data is derived from XTAR Lab, and tested base on 18650 3500mAh battery.

Key Features

- High-quality Cree XP-L2.
- Super compact for carrying anywhere.
- Max 1200lm and 3hrs runtime for underwater exploration.
- 3 lighting modes to meet different needs.

Easy to Use

- Single press turn on and switch lighting levels.

Safety Design

- SOS mode for emergency use underwater or on the land.
- Press switch with lock function to prevent accidental turn on.
- Protection against reverse polarity prevents incorrect battery insertion.
- Type III hard anodized aluminum alloy provides wear resistance and corrosion resistance.

Tips:

- 1) Tighten all connections of the flashlight before diving.
- 2) It is recommended to use protected battery for the flashlight.
- 3) Please remove the battery after each use.
- 4) Please keep the O-rings lubricated.
- 5) Please do not shine the light directly into eyes to prevent eyes damage.
